Priport™ DX 4640PD

The World's First Double-Sided Priport™ Digital Duplicator

For high volume users wanting to accelerate print production and reduce costs, the Priport™ DX 4640PD is a clear winner. This innovative product boosts productivity, enabling you to print both sides of an A4 page in a single pass, at an ultra-fast 240 prints per minute (ppm). It saves time and money by making high volume, double-sided printing a simple, continuous process. The network-ready DX 4640PD's flexible paper handling and advanced High Quality system give you the power to print outstanding quality documents on a variety of paper stocks up to A3 size. User friendly and simple to operate, it offers the convenience of either desktop network printing or easy walk-up access. The fast, affordable DX 4640PD significantly relieves pressure in high volume environments. It improves efficiency and profitability with extremely rapid, single pass printing of double-sided documents, at lower cost than other high output multifunctional devices.
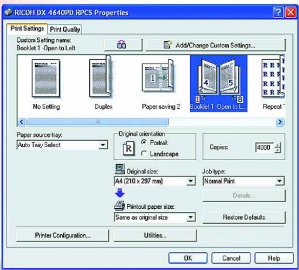

Create Impact with Spot Colour

Vivid spot colour can easily be added to your documents with the optional colour drum units. The DX 4640PD can print at high speed on a variety of paper weights and sizes, plus single-sided A3 printing at a rapid 120 ppm. It offers users the flexibility to produce a wider range of colour enhanced documents including newsletters, posters, menus, tickets and price lists, quickly and cost effectively at high volume.

Low Cost, High Volume Printing

The cost saving benefits of double-sided printing become instantly available at high volume with the DX 4640PD. You can quickly save up to 50% of your paper costs, and double-sided jobs can be handled faster and more profitably with easy, single pass printing.

Superb, Consistent Print Quality

You can rely on the DX 4640PD to deliver outstanding quality day after day. Ricoh's innovative High Quality system combines advanced master and ink technology with Automatic Pressure Control to balance ink density on every page, however challenging the operating conditions. It ensures professional looking output with crisp, flawless text and clean, sharp imaging every time.

Ultra-Fast Duplex Printing

The Priport™ DX 4640PD is a breakthrough for busy departments and high volume environments with a regular need for fast, automatic double-sided printing. Now operators can accelerate throughput and relieve pressure on other devices by transferring longer print runs to the ultra-fast DX 4640PD.

Continuous uninterrupted high volume printing.

Print documents in your preferred format with the easy to use RPCS™ printer driver.

Simple, Effortless Printing

The quick-start touch screen provides access to all key functions, making everyday operation extremely easy. Seamless integration into your existing document environment is straightforward with the network-ready DX 4640PD. Ricoh's RPCS™ printer driver makes printing intuitive and effortless. Simply click on an icon to print previously saved or common output settings, such as double-sided or 2-up, in one command. In addition, an optional embedded Hard Disk Drive offers a document library for instant recall of frequently used jobs, such as expense forms or letterheads.

Increase High Volume Productivity

More jobs can now be processed in less time. The revolutionary DX 4640PD boosts print room productivity with cost efficient double-sided printing at an amazing 240 prints per minute (ppm). For uninterrupted high volume printing, a massive 3,000 sheets can be handled via the optional Priport™ LS3000R large capacity system.
